

Vicky Nishad

ECE at Lucknow University

✉ vickynishad110@gmail.com 📍 Lucknow, Uttar Pradesh, India Lucknow India

PROFILE

I'm Vicky Nishad, a driven First-Year Electronics and Communication (EC) Engineering student deeply passionate about the world of technology. I am currently building foundational skills in Verilog and MATLAB with a clear goal: to contribute high-impact solutions in the VLSI field. Beyond core engineering, I actively explore my creativity through learning video editing and music production. I am focused on leveraging my technical knowledge to eventually develop projects that benefit the masses.

EMPLOYMENT HISTORY

Indian School of Physics <i>Graphic Designer</i> Focused on graphic design projects, creating visual content and advertisements for the institution. <ul style="list-style-type: none">• Produced engaging graphics for various projects, enhancing visual appeal.• Designed advertisements for the organization, effectively promoting its initiatives.	06/2024 – 08/2024 India
--	----------------------------

EDUCATION

University of Lucknow <i>Bachelor of Technology - BTech in Electronics and Communications Engineering</i> Actively learning Verilog HDL for digital circuit simulation with a goal of pursuing VLSI. Proficient in early-stage computational modeling using MATLAB .	06/2025 – 06/2029 Lucknow
Allen Career Institute <i>JEE in ENGINEERING & Decent</i>	01/2024 – 01/2025

SKILLS

• Collaboration	• Visual Content Creation	• Graphic Design
-----------------	---------------------------	------------------

HOBBIES

Music Production | Listening Songs
